Serial No. 2221

Subject:- Criminal Tribes Settlement, Gadag.
Medical supervision of ----
by Kanarese Evangelic Mission.

*P 25 9 24
No. 1194.

Reference Government Resolution, Home Department, No.1194 dated the 21st July 1937. In accordance with this Government Resolution the Mission is paid Rs.60/- p.m. for the medical aid rendered to the settlers and free colonists residing in the Gadag Settlement and Free Colony. This rate of Rs.60/- p.m. was sanctioned in the above Government Resolution with effect from 1st March 1931 when the population of the Settlement and Free Colony was 1050 approximately at that time. The medical aid given by the Mission comprises of free distribution of medicines, medical attendance and nursing duties.

2. The Medical Officers of the Mission Hospital have now applied for increase in the rate of the above payment on account of all round rise in the prices of medicines etc. due to War. It is further stated in the application that the total population of the Settlement and Free Colony has now increased from 1050 to 1300 approximately. In these circumstances, the Medical Officers have requested for an increase of 50% over the present payment. The Settlement Manager, Gadag, and the Assistant Backward Class Officer, Southern Circle, Dharwar, have recommended their request.

3. The Medical Officers have further stated that it is difficult to procure quinine required for treating the settlement people suffering --(P.T.O

suffering from malaria. The amount of quinine required for treatment of the settlement people, it is stated, would be about 4 ozs. per year of quinine Bihydrochloride (given by injections) and ½ lb. of either quinine suplhate or cinchona in the form of pills or mixture. The number of patients treated for Malaria from the Gadag Settlement during the years 1941-,1942, and 1943 till 11th December 1943 was 181, 143 and 144 respectively. If arrangements are made to supply the above mentioned quantity of quinine required for the use of the Gadag Settlement people from the Government stores, the Mission Authorities are prepared to pay for the quinine so supplied, since the monthly payment made by this Department for medical treatment of settlers and Free Colony persons includes the cost of medicines.

4. Looking to the present conditions when the prices of medicines have gone very high and when it is even difficult to get certain drugs and the fact that the total population of the Settlement and Free Colony has also increased, the increase in the rate of payment asked for by the Mission appears to be reasonable. In the circumstances I recommend that the payment of Rs.60/- p.m. may be increased to Rs.90/- p.m. till normal conditions prevail and the prices of medicines etc. go down. I further request that ~~that~~ the Medical Stores Department may also kindly be directed to supply the necessary quantity of quinine required by the Mission Hospital on necessary payment on a requisition sent by the Medical Officers of the Hospital through this office till normal conditions prevail and quinine is available in local market at reasonable rates.

Backward Class Officer,
Bombay Province, Poona.

sak-7/2.

Home Department.

x/p 25 9 File No. 1194.

Please see G.R., H.D. No. 1194, dated the 21st July 1937, according to which the Mission Hospital at Gadag gets a subsidy of Rs. 60 per annum for the medical supervision of the C.T. settlement at Gadag. In his present letter the B.C.O. has proposed that, in view of the conditions now prevailing, the subsidy should be increased from Rs. 60 p.m. to Rs. 90 per annum till the conditions come to normal.

In view of the circumstances stated by the B.C.O., this Deptt. may agree to the proposed increase in the medical charges payable to the Mission Hospital at Gadag. The increase may be sanctioned for one year in the first instance, F.D. may see u.o. for concurrence.

2. As regards the proposal of the B.C.O. relating to the supply of quinine to the Mission Hospital please see the press note issued at the instance of the G.D. in this connection. para 2(b) of this press note outlines the procedure to be followed by Hospitals and dispensaries not under Govt. control in getting their supply of quinine. The B.C.O.'s attention may be drawn to this press note and he may be asked to advise the Mission Hospital authorities to follow procedure laid down therein.

PRESS NOTE.

The Government of Bombay has received a very limited supply of quinine to meet the needs of (a) private medical practitioners, (b) members of the general public who wish to purchase quinine for their own use, (c) employers of labour, and (d) hospitals and dispensaries not under Government control and which obtain their supplies from the trade. In view of the very limited supply it is not possible to meet the requirements of the members of the general public and of employers of labour at present. Government has, therefore, decided to meet at first the requirements of the Charitable Hospitals and Dispensaries which do not obtain their supply of quinine from the Medical Store Depot and of medical practitioners whose names are on the register of the Bombay Medical Council and who depend for their supply on the trade. As regards the supply of quinine to members of the general public and employers of labour the Central Government is being approached to sanction an additional supply of quinine. Pending the receipt of that supply, the members of the general public should seek the aid of private medical practitioners or make use of hospitals and dispensaries situated in their areas.

2. Quinine will be distributed by the Superintendent of Excise, Bombay, to Charitable Hospitals and dispensaries and private medical practitioners referred to in paragraph 1. The following procedure is laid down for medical practitioners and hospitals and dispensaries to get their supply of quinine:-

(a) Medical Practitioners.- They should send a Money Order for Rs.7/8/- to the Superintendent of Excise, Old Customs House, Bombay, and a letter quoting their registration number and address. They will receive 2 ozs. of Quinine by registered post.

(b) Hospitals and Dispensaries.- They should send their demands to the Civil Surgeon of the District in which they are situated, stating average daily number of indoor and outdoor patients, average consumption of quinine during the past three years, and stock of quinine held at the time of indent. For Hospitals and Dispensaries in Bombay City the demand should be sent to the Surgeon General. The Civil Surgeon (or the Surgeon General) will scrutinise the demand, countersign it and return it to the Hospital. The hospital will then despatch it to the Superintendent of Excise, Old Customs House, Bombay, together with a Money Order for the quantity ordered at the rate of Rs.60 per lb. inclusive of packing and freight.

Home Department, BOMBAY

Subj:- Subsidy to the Mission Hospital, Gadag
Increase

Sir,

With reference to Government letter, Home Department No.7942-4F dated 12-4-44 temporarily increasing the subsidy of the Mission Hospital at Gadag to Rs. 90/- p.m. for a period of one year in the first instance I have the honour to enquire whether the period of one year should have effect from 12-4-44.

A very early reply is requested.

Your obedient servant,

Asstt. Accounts Officer.

x/p 5 9 44 No. 7942/4.

Home Department.

Please see para 2 of this Deptt. letter No.7942/4, dated the 12th April 1944, in which it has been directed that the subsidy of Rs. 60/- p.m. sanctioned to the Mission Hospital at Gadag for the medical supervision of the Gadag Settlement should temporarily be increased to Rs.90/- p.m. for a period of one year in the first instance. As the B. C.O. did not propose any specific date from which the temporary increase in the subsidy should come into effect, no date was fixed for the operation of the above orders. In the absence of a specific date, the orders will have effect from the date on which they were issued i.e. 12-4-1944. The A.G. has enquired whether the period of one year referred to in the above orders should have effect from ~~the~~ 12-4-44 i.e. the date of the orders.

2. In this connection it may be stated that subsidy is payable to the Mission every month and, therefore, it seems that, for the sake of convenience, the payment of the increased subsidy should commence from the beginning of a month - say 1-4-1944. The date from which the orders referred to in para 1 above, should come into effect may be fixed as ~~fi~~ 1-4-44, unless the B.C.O. has some other date to suggest. The B.C.O. may see this U.O.

No. C.N.T 22 Letter. Poona, 14th April 1945.

To.

The Secretary to Government,
Home Department, Bombay.

Subject:- Criminal Tribes Settlement, Gadag.
Medical supervision of ---=- by K.E.Mission.

Reference Government Letter, No. 7924/4-F of 12th April 1944. An increase of Rs.30/- (from Rs.60/- to Rs.90/-) was sanctioned to the K.E.Mission, Gadag for the medical supervision of the Criminal Tribes Settlement, for a period of one year in the first instance, with effect from 1st April 1944, for the reasons reported in this office No.C.N.T.29 of 9th February 1944. The K.E.Mission has now put in a request for the continuance of the increased amount of subsidy for the reason that the circumstances have not changed and the prices of the [redacted] drugs have not decreased.

I endorse the K.E.Mission's request. The medical supervision of the Criminal Tribes Settlement, Gadag by the K.E.Mission is thoroughly satisfactory and deserves to be continued.

I therefore request that Government may please be moved to continue the increased amount of subsidy of Rs.90/- for a period of one year with effect from 1st April 1945.

S.K.Khan
Backward Class Officer,
Bombay Province, Poona.

Subject:- Criminal Tribes Settlement, Gadag.
Medical supervision of ---
by K.E.Mission.

Reference Government Letter, H.D.No.7942/4-F dated the 1st May 1945. An increase of Rs.30/- (from Rs.60/- to Rs.90/-) was sanctioned to the K.E.Mission, Gadag for the medical supervision of the Criminal Tribes Settlement at Gadag for a period of one year with effect from 1-4-1945 for the reasons enumerated in this office letter No.C.N.T.29 dated 9-2-1944. It is now reported that the increased amount of subsidy should be continued for a further period of one year more with effect from 1-4-1946 for the reasons that the circumstances have not since changed and the prices of the drugs have not decreased.

2. The medical supervision of the Criminal Tribes Settlement, at Gadag by the K.E.Mission is satisfactory and deserves to be continued.

3. I therefore request that Government may please be moved to continue the increased subsidy of Rs.90/- p.m. for a further period of one year with effect from 1-4-1946.
